Legal and Regulatory Compliance

The worldwide automotive industry is subject to various governmental laws and regulations including those related to vehicle safety, environmental matters and people health and safety.

Elastomer Solutions complies with following legislation and its amendments:

- End-of-Live vehicles (ELV), Directive 2000/53/EC and its delegate directive
- Vehicle Parts marking Decision 2003/138
- Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), Regulation (EC) No. 1907/2006
- Restriction of Hazardous Substances (RoHS), Directive 2011/65/EU and its delegate directive
- Classification, Labelling and Packaging of substances and mixtures (CLP), Regulation (EC) No. 1272/2008 and its amendments
- Movement of Biocidal Products, Regulation (EU) No. 528/2012
- Packaging and Packaging Waste, Directive 94/62/EC
- Substances that deplete the ozone layer, Regulation (EC) No. 1005/2009
- Conflict Minerals – Tin, Tungsten, Tantalum (3 T's), Regulation (EU) 2017/821
- Persistent Organic Pollutants, Regulation (EU) 2019/1021
- EU Corporate Sustainability Due Diligence Directive (CSDDD), Directive 2024/1760
- Deforestation and forest degradation, Regulation (EU) 2023/1115
- Preventing plastic pellet losses to reduce microplastic pollution, Regulation (EU) 2025/2365
- Cybersecurity (NIS 2 Directive), (EU) 2022/2555 and its amendments

Elastomer Solutions also complies with applicable legislation in the countries where its local plants are operating as well as any additional legislation communicated by our customers.

Suppliers shall respect and comply with the laws and regulations above as well as legislation on their countries of operation and the ones communicated by *Elastomer Solutions.*
